

SAINT MARY'S SARC ANO-GENITAL STUDY DAY 2024

Online - Microsoft Teams
Thursday, 21st March 2024
£80
10:30 - 15:45

This popular training event provides delegates with an overview of the ano-genital anatomy, examination techniques, possible differential diagnosis and management of ano genital signs and symptoms.

The day will also provide an overview and guidance on the subject of female genital mutilation.

The course would be suitable for all doctors and nurses whether or not there has been a disclosure of sexual assault.

We look forward to welcoming you on the day.
